GlobalPETS Academy

is the global educational institute for the pet and aquarium industry. The e-learning courses, designed by industry experts, offer practical tools by which professionals can learn, grow and excel.

**Increase profitability
of the aquarium section
of your retail store.**

**Train your staff to better
educate consumers.**

Aquarium industry expert **Gerald Bassleer** chose the GlobalPETS Academy platform to develop a series of e-learning courses for the aquarium industry, teaching aquariology from beginner to advanced level, and from manufacturer to retail store.

Tap into a wealth of knowledge and use the convenient e-learning platform to learn anywhere, anytime.
